Kurzbeschreibung der AG

Most of you will know that Cambridge certificates are a very welcome addition to any curriculum vitae. Even if you are not planning to take the exam, you can take the course to improve your English skills. We will be using a book that I consider very helpful, and I am a very selective person that is easily bored! There is also far more material than we can possibly cover, so we can be selective and focus on your interests.

Lessons after three p.m. suck? I couldn't agree more! Let's check the timetables of everybody involved, maybe we can find a more convenient time.

I am at school every day of the week, for further information just talk to me.
